Every Clevertouch comes with the Clever Software Suite, incorporating CleverLynx, Wordwall and DisplayNote

CLEVERLYNX

- CleverLynx includes an image bank, and a wide variety of high definition maps.
- Import documents from your PC, including Word and Excel.
- Any type of document can be annotated over with the annotation toolkit, which includes pen, paintbrush, highlighting and area fill tools.
- Screen capture allows you to save these annotations to be used again, printed or emailed.
- Find out more at www.cleverlynx.com

DisplayNote

DisplayNote lets presenters and teachers control their Clevertouch with their tablet device or phone and share content from that Clevertouch with multiple participants across multiple devices via the cloud or over a wireless network. Participants can capture the presenter's content on their device, annotate, add their own notes, collaborate with colleagues and save everything for review.

Classroom, school and site licences are available.

Find out more at www.displaynote.com

Snowflake*

Snowflake 4 multi touch software is included with the Clevertouch Fusion. Choose from three fantastic editions:

Snowflake Business – Present your company and products with impact.

Snowflake Entertainment – Engage your target group by promoting your brand in a fun way.

Snowflake ABC – Make kids corners more fun, collaborative, social and memorable.

Get inspired, watch clips and trial or download the Snowflake 4 of your choice at www.nuiteq.com

Wordwall

Wordwall is an activity maker where you can create an activity for any subject in seconds. Our online community features over 30,000 resources made by teachers for teachers. The new version includes twice the number of activities and themes.

Find out more at www.getwordwall.com

Use the Wordpad7 to involve everyone at once

Wordpad7 for Android™

The Wordpad7 tablets can be used to track pupil progress, facilitate discussion or play fast-paced learning games. Students of all personalities and abilities are able to engage, not just the usual suspects. You can access a range of classroom activities not available with the software alone.

Comes pre-loaded with the Wordwall and DisplayNote apps.
